## equipment data sheet

etching press

model ref: 3318

### Description

A really remarkable press to give professional results to all, and at a very reasonable and competitive price. Available for bench mounting (total weight 220 Lbs )or on the attractive and useful cabinet stand finished in 'Warerite' as illustrated.

Recommended blankets:  
One quality fronting, and either one thick, or for fine work, two pure wool blankets.

### Specification

Strength has been the paramount thought behind this design.Special features are:

- ½ inch plate steel side frames.
- Solid 3-inch diameter top roller,ground and plated.
- Solid top bearers to enable adequate pressure through 5/8 inch adjusting screws.
- Ball races on both rollers.
- Ground plate steel plank 33 x 18 x ½ inches.
- Drive from handwheel through gearing to give the smooth but necessary feel when maximum pressure is required.
